### **RE: TEA INDUSTRY ELECTIONS 19<sup>TH</sup>-26<sup>TH</sup> JUNE, 2000 RECOGNIZING A JOB WELL DONE**

This note is sent to you personally as an appreciation of the commendable job you did in planning, co-ordinating and supervising the just concluded Tea Industry Elections.

The exercise was mammoth and challenging, considering you had only one week for planning and the fact that majority of our staff had no prior experience of conducting elections. The need to involve you in the exercise came from the farmers themselves.

It is in the light of the above scenario that I am sending this note to you as the only convenient mechanism of recognising a job well done.

You should be proud to be associated with the transformation of the Tea Industry from the Public Sector to the Stakeholders.

A handwritten signature in dark ink, appearing to read 'G.E. NZUVA'.
