

TO WHOM IT MAY CONCERN

RE: VICTOR ONZERE
UNIVERSITY: KENYATTA UNIVERSITY
REG. NO. A93/4567/2011
COURSE: BSc. AGRICULTURE (CROP SCIENCE OPTION)

This is to confirm that the above named student was an intern with the Biovision Farmer Communication Programme from 8th September to 8th December 2014. The programme works towards improving the lives of smallholder farmers through dissemination of sustainable agriculture technologies.

During his internship, he was involved in various activities such as field visits to farmers and resource centres, farmer trainings, data entry and management, packaging and addressing of the programme's magazine (The Organic Farmer), internet research on current agricultural technologies relevant to farmers and attending seminars hosted at ICIPE.

He performed his work diligently and demonstrated the ability to work with minimum supervision. He followed instructions in a satisfactory manner, as well as showing openness to new and different ways of doing things.

We highly recommend him for any vacancy in your organization.

Any assistance accorded to him will be greatly appreciated.

Kind regards,

Pauline Mundia
