RECOMMENDATION LETTER

RE: VICTOR ONZERE

The above named person is well known to me. He undertook his field attachment work at Bukura Agricultural College farm as from 2nd September 2013-13th September 2013. For the entire period that he was on our farm, he worked very diligently. He is highly disciplined and has the ability to work with minimum supervision. He does not shy away from challenges. He is very reliable and a good team player. I have strong convictions that he can deliver on future responsibilities assigned to him.

P.E. CHOGO

for FARM MANAGER
